## HOT CURL SUP

Hot Curl Stand Up Paddle surfboards are all designed by Source Surf & Import for optimal performance and highest regards to quality. No matter if you are looking to rip some waves, paddle down the coast or paddle long distance, we have the perfect board for you!

Hot Curl all round Bamboo 9'0 on location in Okinawa  
Hot Curl Paddles; wood, bamboo and carbon fiber

Source Surf & Import was started in 1995 by an American that wanted to combine his two loves; Japan and surfing. Source has remained in the same location for over 20 years providing local surfers with excellent service and high quality surfing products from the beginning.

We continue and try to stay true to our roots and make perfect surfboards. We pride ourselves on making the most versatile range of boards for all kinds of surfers and supplying them with the equipment to share our excitement and joy we get from the ocean.

Hot Curl is Source Surf & Import's original brand of SUP and surf boards designed and tested by our team. We hope we can share our passion with you!

## HOT CURL SUP MODELS

Hot Curl Stand Up Surfboards come in two constructions; Brushed Carbon Sandwich construction and Bamboo Sandwich construction. Both construction types begin with CNC cut EPS blanks and hand laminated with the finest quality Epoxy resin and S-cloth. Below is our current offering of SUP models.

### ALL ROUNDER BAMBOO: ¥130,000+TAX

Similar to a performance style longboard SUP shape with double concave, this board does everything well, great paddling up the coast or for catching waves. We add a bit more volume to aide in smaller surf and catching waves. The rocker has a natural curve to it for a consistent feel under your feet. This board is great for carving rail style turns and riding the nose. Comes standard with a 2 + 1 fin set up.

Available in the following sizes:

9'0" x 30" x 4.25" Double-Concave round-tail  
9'6" x 30" x 4.25" Double-Concave round-tail  
9'6" x 31" x 4.625" Double-Concave round-tail  
9'8" x 31" x 4.625" Double Concave round tail

### CADILLAC BAMBOO: ¥130,000+TAX

Similar to the All Rounder 9'0 but with more emphasis on stability and family fun at the beach cruising with your kids or soloing up the coast. This series gives you maximum glide and comfort. Comes with a 2 + 1 fin set up.

9'8" x 31" x 4.625" Double-Concave square-tail  
10'0" x 31" x 4.625" Double-Concave round-tail  
10'0" x 31.5" x 4.625" Double-Concave round-tail  
10'6" x 31.5" x 4.75" Double-Concave square-tail

### BRUSHED CARBON WAVE: ¥180,000+TAX

The Hot Curl Brushed Carbon models are for the consummate wave hound! High impact resistance coupled with light weight wave performance results in the ultimate ride. Combination of just enough nose lift to prevent pearling on the hollow waves with nice moderate rocker to assist in catching waves and going fast! Comes with a 4 + 1 fin set up

8'8" x 28.5" x 4" Double-Concave diamond-tail  
9'0" x 28.5" x 4.25" Double-Concave diamond-tail  
9'2" x 29.5" x 4.625" Double-Concave round-tail
